THINK IN PENNIES

POWERFULLYsmall

PICK UP YOUR COLLECTION BOX TODAY!

'Think in Pennies' or 'TIP' was launched as a ministries without borders initiative at the World Watch Conference in September 2009. We were challenged to see beyond the single one penny that is of little significance to many of us, and instead to see the value and potential of all the single one penny coins that we come into contact with. All the pennies that we lose down sofas, throw away or count as worthless, when collected and pooled together can really change lives.

While it is important that we are a generous people with our finances, it is also important that we are faithful with the small things. By collecting all the spare pennies in our homes, cars, purses and wallets we can sow into seeing lives, communities and nations transformed.

All our pennies, when gathered together give us the power to provide for millions of people who are suffering due to natural

disaster, conflict, poverty and neglect. The pennies will be used to provide nutritious food, clean drinking water, safe shelter, clothing, medical aid and sanitation facilities. What an exciting opportunity for us to sow into the increase of the Gospel of the Kingdom in the world around us!

We are joining with other related churches in the UK to see our pennies change lives and this is something that every member of the church can get involved in: whether you're old or young, it's something we can all do together! Everyone in the family can find and collect pennies... kids, that includes you too! Why don't you hunt your house this week and see how many pennies you can find to fill your box?!

Each household can take home a collection box available at the Help Desk. Once your box is full, you can return it to the church office to be emptied. With your empty box, you can then start all over again!
