“Thank you for all your prayers; more people need to be in Church in the Home!”

This statement was made by a member of the Peel Hall Church in the Home recently. They said this after leaning on their Church in the Home members to pray and support them through their father being so ill that they thought he was dying. Two weeks after they told us that, their father has been taken to a rehab centre and is increasingly on the mend. God answered our prayers!

This is not the first time we've had prayers answered in our Church in the Home. We've seen countless healings, provision of houses, provision of finances, provision of justice, increasingly stronger relationships with Christ; the list really is endless and God still has more to do!

I can speak on behalf of us all and tell you that we couldn't live without the support,

friendship and community that our Church in the Home gives us. We laugh together, share together, eat together and cry together and through it all we keep God in the centre.

I want to encourage those that haven't settled into a Church in a Home, and are even wondering if it is worth it, to attend one in the coming week. If you need a miracle, prayer answered, provision or friendship it is the place you need to be.

“Laugh together, share together, eat together and cry together”

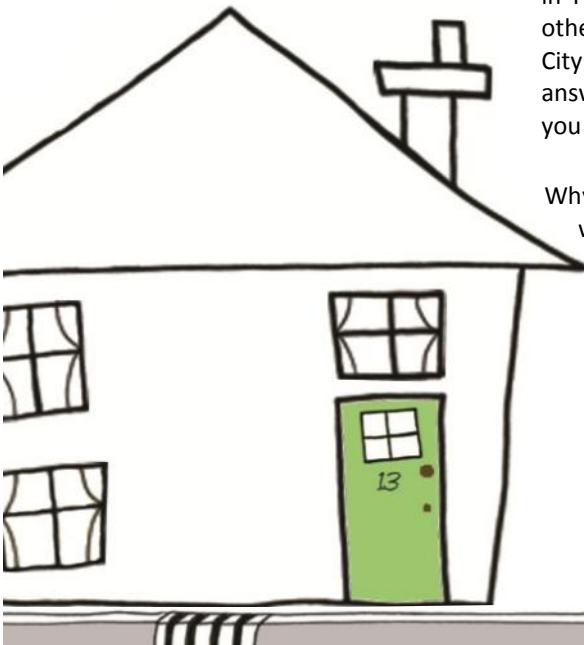

The good news is that it doesn't have to be in Peel Hall in South Manchester! I know other Church in the Homes all across the City are experiencing exactly the same answers to prayer and would also welcome you into their community.

Why not try it and see what God can and will do for you & through you?
